

A hand is shown holding two globes of Earth. The globe on the left is dark, scorched, and has a dead tree on top, set against a background of a fiery, orange sky with lightning and a cracked, dry landscape. The globe on the right is bright blue and green, with a healthy green tree on top, set against a background of a clear blue sky with white clouds, a bright sun, and a lush green landscape with a small pond.

Wat is de definitie van klimaat verandering.

De fluctuaties op lang termijn van temperatuur , neerslag , wind en alle andere aspecten van het klimaat op aarde.
